

### **C. E. Thurston & Sons Asbestos Trust**

Due to claims filings significantly in excess of levels projected, effective January 10, 2012 the Trust has temporarily suspended making new offers.

The following provides information on the additional actions being taken.

1. The Trust is suspending making any new offers until a new Payment Percentage is announced.
2. The Trustee, TAC and FCR will have new claims projections prepared and will thereafter determine a new Payment Percentage.
3. Once the new Payment Percentage is announced, the Release form will be revised to show the new Payment Percentage and the actual Settlement Payment being offered.
4. For claims that have received an offer but for which the Trust has not received a valid release, the claimant or claimant counsel will be notified that they have until February 22, 2012 to have a valid release arrive at CRMC or arrive thereafter with a postmark no later than that date. All outstanding offers on all other claims *[except as otherwise provided in Section 7.1(c) of the TDP for all Asbestos Claims involving deceased or incompetent Claimants for which approval of the Trust's offer by a court or probate process is required in the event of a reduction in the Payment Percentage after the Trust makes an offer of payment on such claim]*, will be deemed withdrawn by the Trust and these claims will thereafter receive new offers at the new Payment Percentage.
5. Claims for which a valid release is received at CRMC or postmarked by February 22, 2012 will be paid at the 80% Payment Percentage before the new Payment Percentage is announced.
6. For any remaining claims eligible for supplemental payments for which a request is received, a payment will be made at the liquidated value of the claim in question times the current Payment Percentage, less all amounts previously paid the Claimant with respect to the claim, provided the current Payment Percentage is at least 41%.
7. Notice of these provisions will be sent to all claimants or claimant counsel with outstanding offers and will also be posted on the Trust website.
