Hereinafter, asbestos injury claims filed in electronic format through CRMC's e-Claims system will be referred to as "e-Claims filings." The Law Firm will have access to the e-Claims system for the sole purpose of filing and settling e-Claims filings. The Law Firm will have access to information on the e-Claims system only regarding the Law Firm's own e-Claims filings, and will be authorized to act through the e-Claims system only in regard to the Law Firm's own e-Claims filings.

- 1.2 Filing Methods, Media, and Format. CRMC will accept e-Claims filings from the Law Firm using one or more methods and electronic media that CRMC will from time to time specify, in formats that CRMC will from time to time specify. The methods, media, and formats which CRMC will specify will be among those then in general use among businesses transferring information electronically.
- 1.3 Proprietary System. The Law Firm acknowledges that the e-Claims software system, including all enhancements thereto and all screens and formats used in connection therewith, are the exclusive proprietary property of CRMC, and the Law Firm shall not publish, disclose, display, provide access to or otherwise make available any CRMC e-Claims software or products thereof, or any screens, formats, reports or printouts used, provided, produced from or in connection therewith, to any person or entity other than an employee or principal of the Law Firm, without the prior written consent of CRMC, with the exception that the Law Firm may publish, disclose, display, provide access to or otherwise make available to a Claimant represented by the Law Firm any screens, reports or printouts which contain information relating solely to that Claimant's claim.

2. Technical Capabilities

- 2.1 Compatible Equipment. In order to file claims through CRMC's e-Claims system, the Law Firm will provide its own compatible computer equipment that meets technical standards that CRMC will from time to time announce. The standards that CRMC will set for this purpose will be among those then in general use among businesses transferring information electronically.
- 2.2 Technical Assistance. CRMC will provide the Law Firm with the technical assistance reasonably necessary related to filing and processing claims on the e-Claims system.
- 2.3 Message Board. CRMC will provide the Law Firm access to an electronic message board through CRMC's web site. CRMC will use the message board to notify the Law Firm of changes in the status of Law Firm's e-Claims filings, without additional written or oral notice. Through the message board, the Law Firm will at any time be able to check the status of each of the Law Firm's claims.
- 2.4 Reports. CRMC will make available to the Law Firm through CRMC's web site the ability to download specified data and to generate reports summarizing information regarding the Law Firm's e-Claims filings.
- 2.5 Continuous Access. CRMC will make the e-Claims system available to the Law Firm around the clock, seven days per week, with the exception that availability may be interrupted at any time as a result of system failure or when necessary for system upgrades, adjustments, maintenance or other operational considerations. When reasonably possible, CRMC will notify the Law Firm in advance of any foreseen interruption of availability, and at all times CRMC will use its best efforts to minimize the length and frequency of interruptions in e-Claims system availability.

2.6 Security. CRMC will maintain physical, electronic, and procedural safeguards that will protect the information the Law Firm transmits through e-Claims filings. CRMC will not disclose non-public personally identifiable information about its Law Firm's Claimants to unauthorized persons, and CRMC will restrict access to such information to authorized individuals who need to know this information for purposes relating to the processing and settlement of asbestos personal injury claims.

3. User Identification, Training, and Certification

3.1 User Administrator. The Law Firm's access to the e-Claims system will be managed by one or more individuals under the Law Firm's employ, management or control whom the Law Firm identifies to serve as a User Administrator on the Law Firm's behalf. A User Administrator will be permitted to identify additional individuals under the Law Firm's employ, management or control as authorized to access the e-Claims system on the Law Firm's behalf. Some e-Claims users will be limited in the functions they can perform on the e-Claims system; a User Administrator will have the power to designate the level of authority which each of the Law Firm's other e-Claims users will have on the e-Claims system.

3.2 Limited Access. CRMC will assign a unique e-Claims password to each User Administrator identified by the Law Firm and to each other e-Claims user identified by a Law Firm's User Administrator. CRMC will provide access to its e-Claims system only upon entry of an e-Claims password. CRMC may deny access to its e-Claims system following failed log-ins. Individuals with access to e-Claims may not share their passwords with others, and the Law Firm will not permit any individual to use a CRMC e-Claims password that is not assigned to that individual. CRMC will limit each user's access to the e-Claims system to correspond to the level of authority specified by the Law Firm's User Administrator.

3.3 Notice of Changes. The Law Firm will promptly notify CRMC by fax or other written communication of any changes regarding the identity of the individual the Law Firm has chosen to serve as User Administrator. The User Administrator will notify CRMC of any change in the authority of any of the Law Firm's e-Claims users to access the e-Claims system on the Law Firm's behalf, and of any material change in the status of the Law Firm.

3.4 Reliance on Law Firm Communications. CRMC is entitled to rely on communications and instructions it receives from persons using e-Claims passwords assigned to the Law Firm and purporting to act on behalf of the Law Firm and, except if CRMC has acted with gross negligence, will not be held liable for such reliance.

4. Rules and Procedures

The Law Firm will make e-Claims filings and will otherwise use the e-Claims system in conformance with the rules and procedures which CRMC will communicate and which CRMC will post on its web site. CRMC may update its rules and procedures from time to time, with adequate notice to the Law Firm through the Message Board and/or through postings on the CRMC web site and/or through e-mail messages.
